EL 4355 Mt Gee

South Australia

Submission of a DEF for a drilling program

Marathon submitted a DEF to Primary Industries and Resources South Australia (PIRSA) for approval to conduct a drilling exploration program designed to demonstrate the North, Northeast, East, Southeast and Southwest extensions of the Mt Gee deposit. The DEF addressed the unique Schedule C conditions attached to Exploration Licence 4355. Specific environmental related Conditions prevented use of conventional drilling methodologies and so Marathon proposed combining several innovative techniques to satisfy the requirements of PIRSA.

Aboriginal Heritage Survey

An Aboriginal Heritage Survey to examine proposed drill collar positions for Phase 1 drilling within EL 4355 was completed on 21st June. The survey was conducted under a Part 9B Agreement with the Adnyamathana Traditional Lands Association (ATLA). The survey party members were selected by ATLA. All but two of the proposed drilling locations were approved, and following discussions in the field, a compromise location was approved for the final two holes.

Environmental Management System

The implementation of the company's Environmental Management System is currently underway, and is modeled on the ISO 14001 standard.

An Environmental Management Plan was developed specifically targeting risks associated with the proposed drilling program, for inclusion in the education and awareness training for all employees and contractors.

Post Quarter Events

On 22nd July 2011 the Premier of South Australia Mike Rann, together with the state's Ministers for the Environment and Conservation, and Mineral Resources Development, made a statement giving unprecedented protection under the Mining Act for Arkaroola.

Marathon entered a Trading Halt 22nd July 2011.

Marathon released a further statement to the market 26th July 2011 updating its position and announced it is taking appropriate advice with a view to seeking to redress the impact of this unprecedented action announced by the South Australian Government.

Marathon will advise shareholders of further developments as soon as it is able to.
